

Dear students,

We are delighted to welcome you as first-year students on our Horticulture and Business Management (HBM) study programme, and we are looking forward to meeting you in person. We have planned several introduction activities to make you feel at home at our University, and to enable you to get to know your fellow students and the HBM members of staff.

During the week of Monday 26th of August our International Office will organise several activities for you. You will receive more information about this program directly from them.

On Monday 2th of September the official school year will commence. You are expected at 9:00 am that day. During this day you will receive all the necessary information about the curriculum and the teaching methods generally used. We will also give you a brief introduction to our ICT facilities. In the hallway you will find information in which classroom you are expected.

On Tuesday 3th of September there will be an outdoor activity organised for all new HBM-students. Please make sure to wear comfortable shoes and clothes that day! You will receive more information about this activity on Monday 2th of September.

Attendance is compulsory for all new students.

Kind regards,

Maike Mikkers
Student Adviser
Horticulture and Business Management
